The X8 is amazingly versatile: it can prepare the full range of speciality coffees finished with milk and milk foam as well as black coffees and the classic pot of coffee. The Professional Aroma grinder is a top-class innovation that delivers the perfect grinding result every time and 12.2%* more aroma. For tea lovers, it also serves hot water at different temperature levels. With its solid, height-adjustable dual spout, it can create a speciality coffee – or even two beverages simultaneously – and dispense them into the cups or glasses, at the touch of a button. The handy cup positioning aid makes it ideal for self-service. The same goes for the large, clearly arranged preparation buttons. Different speciality coffees can be positioned wherever you like on the display, according to your needs.
